

# Wish I Had A Boat

Tyler Farr

Wish I had a boat  
Another hot day, another cold beer  
Sweatin' my tail off, just got off my John Deere  
My buddy called, said they're headin' down to party cove, yeah  
Got my koozie, got my flip flops  
Coleman cooler full of ice and twist tops  
Truck hitch is ready but I ain't got nothing to tow

Wish I had boat I could float  
Kick it on down the river  
On the lake in the shade  
It don't even matter  
Long as that thing will float  
Wish I had a boat

Sittin' on the bank, wishful drinkin'  
Sun is burnin', my back is bakin'  
Just tryin' to get one of my buddies to pick up the phone (come on, man)  
Tiny bikinis, tan lines and tattoos  
That damn sand bar is way too far to swim to  
They're flocking to them Johnson's  
Like bees to a honeycomb

Wish I had boat I could float  
Kick it on down the river  
On the lake in the shade  
It don't even matter  
Long as that thing will float  
Wish I had a boat  
Aww, yes I do

I like my truck, my country house  
Only thing that's missing right now

Wish I had a boat I could float  
Kick it on down the river  
On the lake in the shade  
It don't even matter  
Long as that thing will float

Wish I had boat I could float  
Kick it on down the river  
On the lake in the shade  
It don't even matter  
Long as that thing will float  
Wish I had a boat  
Wish I had a boat  
Wish I had a boat
