

# Hear Me Now

Tyler Joseph

Oh yeah yeah  
Oh yeah yeah  
Oh yeah yeah

Words of mine  
Words of yours  
Confusing rhymes  
And confusing wars  
Between words of love  
And words of hate  
Wars of dreams  
And wars of vain

Once again I step inside my shoes  
A battle now for every single thing I do  
And I don't care because I don't have a clue  
I seem to close all the windows in my room  
That tell me how I am comfortable in silence  
This broken, tainted, skin that I'm in  
I can't win  
I need you to break me up, break me down to the sound  
So I can pray that somebody hears me now  
I just pray that someone hears me now

There was a moment in my life  
Where I thought that you were gone  
And every moment of my life  
Was just printed fake

I go to sleep every night  
I should be good at it by now  
But very lonely is tonight  
And time stands still  
So now I try to picture you with all the kingdom I can't find  
Fighting gravel, dirt, with this little mind  
I think I saw the kingdom  
Be in this feeling I must keep  
Walking close, crack the door  
And then I fall asleep  
Because every time I see your face  
It fades away  
And turns to gray  
Then I pray to save the day  
But anyway lets pray someone hears me now

Oh yeah yeah yeah yeah yeah  
Lets pray someone hears me now
