

# Never Change

Tyler Joseph

Sometimes I leave a hate,  
What is wrong with me?  
When I am late,  
But you would never say,  
I'm going down,  
And you would never stop,  
Searching lost and found.

'Cause I don't understand,  
Why you would care,  
And I don't know why,  
Your love is unfair,  
But you will never change.

Sometimes I live for you,  
For them and there's times  
When I couldn't care less,  
And I will never say,  
That they're going down,  
And I will look for them,  
In this lost and found.

'Cause I don't understand,  
Why you would care,  
And I don't know why,  
Your love is unfair,  
'Cause you will never change.  
You will never change.

You will never change.  
You will never change.
