

Awkward

Tyler, the Creator

I was 16 when we first laid eyes
Scrawny little fucker, yeah, I was that guy
And you was down for the weekend
I was down for the greetings
And you eyes the same color shit that Jasper be chiefting
Couple freckles on ya noses, roses made you blush
Gentleman I was like I wasn't tryna fuck
But it was my first official date so I was stuck, like
It was past curfew, and we was at the Grove
And it was raining, and I had to be home
And then you grab my hand, talking about tryna get home safe or something
All I remember was your motherfucking face

I play in your hair
As you rub on my ears
Then we awkwardly stare until our lips locked
Then we awkwardly stared because our lips locked
Now it's awkward in here because our lips locked
Feels like i'm floating in air
Can't believe that this dare turned into a reality when our lips locked
Man, this feels like a dream because our lips locked
You officially put my feelings inside a Ziplock bag

You gotta a nigga sprung, whenever I'm holding your hand and
Making eye contact I feel like the damn man
Cause even though I am and get round of applauses
I'm insecure and start to think that I do not stand chance
But, moments, wish that I can own it or lease it, or clone it
Cause holding your fingertips is golden.
I fucking love you, now treat my palms like a bowling ball and
Grip and keep holding on girl

I play in your hair
As you rub on my ears
Then we awkwardly stare until our lips locked
Then we awkwardly stared because our lips locked
Now it's awkward in here because our lips locked
Feels like i'm floating in air
Can't believe that this dare turned into a reality when our lips locked
Man, this feels like a dream because our lips locked
You officially put my feelings inside a Ziplock bag

You got a nigga...Wait
Don't think this is going to work
Things got complicated and a couple feelings got hurt
I haven't talked to you in a couple of days,
I got too comfortable
And started to think that we was really a couple
But hey, at least there was time spent.
But by the time you hear this you won't know what these rhymes meant
But when you realize, its awkward, your name still my password
So I'm always fucking reminded
You got a nigga sprung
