

# Boredom

Tyler, the Creator

When you're having fun (fun)  
When you're having fun (time flies)  
Out the window (go, go, go)

Find some time  
Find some time to do something  
Find some time  
Find some time to do something  
Find some time  
Find some time to do something

Boredom got a new best friend  
(Boredom, boredom, best friend)  
'Cause boredom got a new best friend (oh, oh, oh)  
Boredom got a new best friend

Find some time  
Find some time to do something  
Find some time  
(Find some time, oh)

Boredom, boredom, boredom, boredom  
Boredom, boredom, boredom, boredom  
Boy, my bedroom floor is a cereal burial, I'm serious  
I ate 'em all, dry boxes, bodies, yeah I caught 'em  
If we're talking about real meals  
Ask my stomach, he ain't saw 'em  
I've been in this fuckin' room so long  
My eyeballs are turning to dry wall  
My friends suck, fuck 'em, I'm over 'em  
"Hi y'all, y'all ain't hit me all day  
What the fuck is the problem? Is it me?  
'Cause I'm not solved, I'm... bored."

Find some time  
Find some time to do something  
Find some time  
Find some time to do something  
Find some time  
Find some time to do something  
(Oh)

Bored and getting desperate as hell  
Cellular not amusing and I hope someone will  
Message me with some plans that are amusing as well  
Cause I haven't seen the exit of these walls since before this morning  
(Morning, morning, morning, morning)  
Got some calls I can handle  
But nowhere for performance  
My stomach angry and yelling'  
I need some food, I could order  
But I hate eating solo  
Need someone we can loiter in parking lots  
And sunsets at the border, yeah  
Ringy dingy dong, I can't be e-lone  
I been starting to feel like  
I don't know anyone

So now I'm staring at my ceiling fuckin' going  
Like I don't know where I'm going  
No idea where I'm going

Tick tock  
(Damn, gotta get outta here)

Find some time  
Find some time to do something  
(Hey, can y'all help me right quick?)  
Find some time  
Find some time to do something  
Find some time  
Find some time to do something  
(Oh)

Cause boredom got a new best friend  
Boredom got a new best friend  
Cause boredom got a new best friend

Find some time, find some time  
Gotta find some time, find some time  
Gonna find some, find some time  
Gotta find some time, find some time  
Gonna find some, find some time  
Gotta find some time, find some time  
Gonna find some, find some time  
Time, time, time, time  
Time, time, time, time  
Time, time, time, time  
Time, time, time
