

# Fucking Young / Perfect

Tyler, the Creator

Part 1 - FUCKING YOUNG

The day that I met you girl  
I knew that it was something special  
But I couldn't put my finger on it (Fuck I can't sing whatever look)  
We met through mutual friends and this is where the story and confusion begin  
Cause I was in a problem but I had to pretend that I wasn't

There go the police man knocking at my door  
Do I leave out the back and grab my wallet and coat  
Or do I answer real confused like "I don't know"  
Now me and she held hands and we danced, nothing more  
She kissed my hand a couple times, FaceTime when we're bored  
There's nobody at the door, man I'm so paranoid

Girl you're perfect, but you're too fucking young for me  
And when temptation calls, I never pick up  
And girl, you stole my heart but you're too fucking young  
This is more than a crush, I just might be in love

A six year difference  
Is a ten year sentence  
And with the pigment on my skin, I don't want to be another statistic  
You bring me joy, joy, joy, joy  
And you fill a void that was once missing  
And I can say I'm in love

When you're 35, I'll be 41  
And when I'm 27, you'll be 21  
Yo, this is dumb  
And when that time comes for that 1-8, I'll probably run  
Cause I'm fucking terrified, yo this is dumb  
You should find someone else  
I'm not the one for you, shit, I'm still growing up by myself  
And mentally you're older than me and that shit doesn't help  
Cause if they see you with T, they'll think T needs some help  
So when you mention "hang," I'm thinking about a tree and a belt  
And I don't want no relation, shit no relation  
Ship when my dick is longer than my intentions-  
Span, it's gonna suck your shit  
It's that kitchen fan  
It splattered on me like my dick in my hand  
What? I'm still fucking off, not good at ducking off  
Because I found a goose that I like, but I'm still running off  
She gon' want a nest, that's why I cannot get fucking caught  
That's a scary word, you could save that shit for the birds  
But I found my wings, fuck  
(But you're too fucking young)  
I really like you  
(And when temptation calls, I never pick up  
And girl, you stole my heart but you're too fucking young)  
Funny thing about this is  
By the time you hear this, I'll be in the clear  
It's T and Uncle Charlie  
(But you're too young, but you're too young, but you're too young)

Part 2 - PERFECT

Boy I know that we could be more than just friends  
But you're scared  
Boy I know  
We could be more than just friends  
But you're scared  
I know  
I know that there could be  
Somethin' for you and me  
What's your philosophy?  
You're scared, scared  
And I exit and wait a while  
(Just say the word)  
See the answers are there  
(But I'm just too gone to see)  
You and I are cut from different fiber  
(I wonder why, I wonder why girl)  
Don't be too material to see  
(But I'm just too gone to see)  
This world is just a struggle just to be  
Fuck em all baby it's just you and me

But you're too fuckin' young  
And girl I know that you're the one for me  
Fuck  
Cause you're too fuckin young  
And girl I know that you're the one for me  
And it hurts  
It fuckin hurts  
Cause you're too fuckin young  
And girl I know that you're the one  
That you're the one  
For me  
Cause you're too fuckin young  
And girl I know that you're the one for me  
Yeah  
(I rock)  
(I rock)  
(I rock)
