

# Who Dat Boy

Tyler, the Creator

Yo, who dat boy? Who him is?  
Him that nig-ga, I swear  
Stand up guy, him don't need no chair  
Well, where the fuck him at?  
'Cause nigga, I'm right here  
I don't shop at the mall, all y'all just  
Dumb mothafucka  
I'm a goddamn artist  
You can give me some markers and I'll draw you a closet  
And you know that it's GOLF  
Bitch gon' and make the deposit  
Nigga fresh to death like he got dressed in a coffin  
Cons, overalls, and a striped shirt  
The boy drip swag like a broken faucet  
It's runnin', nigga, I'm runnin'  
Shit, that cherry be the bomb like he ran in Boston  
Won't stop 'til the cops surround him  
One nigga jiggy and the other awesome  
With his fuckin' face blown off, that's how they found him  
It's Young T

Who dat boy? Who him is?  
Who dat boy? Who him is?  
Nigga, who dat boy? Who him is?  
Who dem boys? Nigga, who dem is, nigga?  
Why you niggas feel like that?  
Mad 'cause a nigga's neck chill like that  
Mad 'cause a nigga push wheel like that?  
Why you puttin' bad vibes in the air like that?  
Nigga who dem boys?

Who dem is? Nigga, who dem is?  
Who else step in this bitch this jig?  
Who else your bitch say got a bick this big?  
Who else came through with a wrist this flick?  
Nigga, Guess my pants, do my dance  
Spin around, bitch, you can kiss my ass  
Never seen your nigga in this much Raf  
Still doin' math when I miss my class  
Was it Summertime '06, had the number 9  
Nigga, never mind, wasn't nothin' but time before Vince  
Had the Gucci gold tips with the letterman  
Nigga, dollar sign was my favorite number at the time  
Fresh freshmen 'til they skipped my ass  
Senior citizen, don't forget my pass  
Been that nigga and you knew that there  
Make the dick disappear, how she do that there?

Who dat boy? Who him is?  
Who dat boy? Who him is?  
Nigga, who dat boy? Who him is?  
Who dem boys? Nigga, who dem is, nigga?  
Why you niggas feel like that?  
Mad 'cause a nigga's neck chill like that  
Mad 'cause a nigga push wheel like that?  
Why you puttin' bad vibes in the air?

Fuck the rap, I'm tryna own a planet  
From my other fuckin' business ventures

Teeth is glistenin', Jesus, Christmas  
He just shittin', she exquisite, bitches be expensive (oh, no, nigga)  
And I don't even need attention  
WANG\$AP on the bumper sticker, fuck you niggas  
Fuck global warming, my neck is so frio

My mom say she worried because I'm so ill  
I should stay in bed, but got too much bread  
To make, she said watch my weight  
So I stayed home and start eatin' some meals
