

# Perfectly Known

Tyler Ward

I see you looking at me lately  
And I can't seem to hide  
The loneliness I try  
I can't see you thru the madness  
Desires locked inside  
Were falling from your eyes  
And you bring me to life with

One Song one night  
Moonlight and a bottle of wine  
For the first time  
I'm Perfectly Known  
Lost in your touch  
Facing never wanting to rush this  
But right now  
I'm Perfectly Known  
I don't wanna escape from you

You never thought I'd throw out resigned  
To find out what is true  
But for to have bled for you is something new  
How can it be so lost  
Know exactly where I am  
Hold me in your arms

One song, one night  
Moonlight and a bottle of wine  
For the first time  
I'm perfectly known  
Lost in your touch  
Facing never wanting to rush this  
But right now  
I'm Perfectly Known

I don't wanna escape from you  
(I don't wanna escape from you)  
I don't wanna escape from you  
I don't wanna escape from you

One song, one night  
Moonlight and a bottle of wine  
For the first time  
I'm perfectly known  
Lost in your touch  
Facing never wanting to rush this  
But right now  
I'm Perfectly Known
