

## Tyler Swift

Tyler Ward

She wore a little black dress in the middle of spring  
I'm sitting outside on the front porch swing  
Pretty long blonde hair girl gone and caught my eye  
So I stroll on by like the summer breeze  
Noticed she was poppin' to a T-Pain beat  
Would you mind if I stopped in and told you 'hi'

Pre-Am I mistaken  
My hands are shakin'  
Could this really be  
You belong with me

Cuz I first saw you in a video  
Talking 'bout why you had to let him go  
And I was noddin' my head right there sayin' this  
aint face Like the firework flash on the fourth of July  
Or the sunset fallin' from the summer sky  
The prettiest scene is you just marryin' me  
I even promise you this  
I'll change my name to Swift  
Cuz that's when I think happiness  
The way you wear that little black dress  
Baby just say yes

Last nights dream that's how it went  
For thirteen minutes I was heaven sent  
then I fell right back down to my reality  
So I roll the dice no more time I'm wastin'  
I won a contest at the radio station  
Just for that one shot at meet and greet

Pre-Am I mistaken  
My hands are shakin'  
I finally get to meet  
The girl who wrote "fifteen"

I saw you in a video  
Talking 'bout why you had to let him go  
And I was noddin' my head right there sayin' this aint face  
Like the firework flash on the fourth of July  
Or the sunset fallin' from the summer sky  
The prettiest scene is you just marryin' me  
I'll even promise you this  
I'll change my name to Swift

I say 'hi' my name is Tyler nice to meet hows your day been goin'  
And 'hi' my name is Taylor nice to meet you hows your  
night been goin  
And I, I can see us in my future writing songs together  
And yes I could see you in my future  
Just Taylor and Tyler Swift

I meet you at the Denver show  
Your long blonde hair girl heaven flow  
I'll be right there backstage if you need anything  
Like the firework flash on the fourth of July  
Or the sunset fallin' from the summer sky

The prettiest scene is you just marryin' me  
I'll even promise you this  
I'll change my name to Swift  
Cuz that's when I think happiness  
The way you wear that little black dress  
Call me Tyler Swift
