

# Hero

Tynisha Keli

I got everything a girl could ever want and baby boy I found it  
in you  
If I hand my heart to you I know that it won't come back to me  
battered and bruised  
And I gotta tell the truth

Cause everyday and night I'm a be right by your side I you this  
was forever (for forever forever)  
From everything in you baby it's true it's only you that makes  
me better  
I got my hero

I wanna thank you in advance for a beautiful life  
And tell you how happy I am just to be your wife  
You're my rock you know your my confidence  
Got that S on your chest because your my superman  
My hero, your my hero  
My hero, your my hero

From the beginning I gave my heart to you and you've given your  
heart to me  
And without a doubt we locked them up together and we threw awa  
y the key

Cause everyday and night I'm a be right by your side I you this  
was forever (for forever forever)  
From everything in you baby it's true it's only you that makes  
me better  
I got my hero

I wanna thank you in advance for a beautiful life  
And tell you how happy I am just to be your wife  
You're my rock you know your my confidence  
Got that S on your chest because your my superman  
My hero, your my hero  
My hero, your my hero

You thought our love would be your kryptonite  
And now you realize it's the only thing that makes your fly  
It's happily ever after like a fairytales end chapter  
This is how I show my gratitude to my superman

Cause everyday and night I'm a be right by your side I you this  
was forever (for forever forever)  
From everything in you baby it's true it's only you that makes  
me better  
I got my hero

I wanna thank you in advance for a beautiful life  
And tell you how happy I am just to be your wife  
You're my rock you know your my confidence  
Got that S on your chest because your my superman  
My hero, your my hero  
My hero, your my hero
