

My First Love

Tynisha Keli

(tynisha) [First verse]

mhhh uhhh, did u know that everyday is so much more amazing?
waking up right next to u, it feels like i'm daydreaming
never thought that, i could ever, love somebody the way that i love u
we've had our days of fighting, breaking up, and leaving
but you'd always make it right, u smile make my heart beat and
it just melts away, right into your hands
don't ever trade it
baby i believe that we gone make it, whooo whooo whoo whoo

[Chorus]

i'm so proud to say that u are my first love
when were together baby, know that your the only one
when u get next to me
and hold me closely
i know u love me, you make my story complete
i'm so happy that i got you here to hold me down
i'll never break your heart, and go astray no way no how
treasure from up above, never betray you trust
always thinking bout us, baby i'm forever in love

(tynisha) [Second verse]

oooooo it feel so crazy when u wrap your arms around me
i place my ear against your chest to hear your heart beat
take good care of me cuz your the reason
that i still be
our fairytale has just begun
if i'm in a movie then don't nobody say cut
if i could be dreaming then let me sleep forever
your so loving, sweet like honey
there ain't nothing that can change the way I feel with you
oooooooo ohhhhhhhhhh yeah!

[Chorus]

i'm so proud to say that u are my first love
when were together baby, know that your the only one
when u get next to me
and hold me closely
i know u love me, you make my story complete
i'm so happy that i got you here to hold me down
i'll never break your heart, and go stray no way no how
treasure from up above, never betray you trust
always thinking bout us, baby i'm forever in love

(tynisha) [Bridge]

i never thought that miracles could happen
but you're living proof that he is out there listening
and whenever i'm lost,
u help me find my home
you direct me back to your heart
ooooouhhh ohhhhh ooooo i'm so proud baby, u are my!

[Chorus]X2 with adlibs

i'm so proud to say that u are my first love
when were together baby, know that your the only one
when u get next to me
and hold me closely

i know u love me,you make my story complete
i'm so happy that i got you here to hold me down
i'll never break your heart,or stray no way no how
treasure from up above,never betray you trust
always thinking bout us,baby i'm forever in love
