

# Right Here Waiting

Tynisha Keli

Ohw oohw ohww

It's all everyone ever really wants  
It always understands what (?)  
By giving you the strength to rise  
And wanna see another day  
The enemy and opposite of hate  
Is something that we all will like to make  
The feeling that you give when you experience  
It has no words

I know we all wanna get a feel of  
That thing called love  
Thats why my life wont be complete  
Until you show up  
So i will be right here waiting for you  
And whatever you say i will do  
I will be right here waiting for youuu  
So i will be right here waiting for you  
And wherever you go, i will too  
I'll be right here waiting for youuu  
So i'll be right here waiting

So many times i cry when you're away  
Get on my knees and beg for you to stay  
The only one i'd ever need  
The one we've all been fighting for  
Can't wait until the day i see your face  
There's no limit to what i'm willing to pay

Just to be next to you again  
I give you all of me and more

I know we all wanna get a feel of  
That thing called love  
Thats why my life wont be complete  
Until you show up  
So i will be right here waiting for you  
And whatever you say i will do  
I will be right here waiting for youuu  
So i will be right here waiting for you  
And wherever you go, i will too  
I'll be right here waiting for youuu  
So i'll be right here waiting

When you take over  
There's no limit  
To what we may say  
Or what we may do  
I need you right here  
Cuz i'm looking for love that's different and  
And i can say ive got everything i need except for you  
So i'll be right here waiting  
I'll be right here waiting  
Ooohw

So i will be right here waiting for you

And whatever you say i will do  
I will be right here waiting for youuu  
So i will be right here waiting for you  
And wherever you go, i will too  
I'll be right here waiting for youuu  
So i'll be right here waiting

Youuu
