

## Blood of Heroes

Týr

Fairest place upon this earth  
Ours and all descendants right of birth  
All we have of native soil  
Owed to tears and sweat of forebears toil

Legends should recall their

Iron will  
Warrior skill  
And how far away they fought  
Set us free  
Destiny  
For the blood of heroes bought  
Iron will  
Warrior skill  
And how far away they fell  
Set us free  
Destiny  
For tonight we dine in hell

He fell alone  
And his name was carved upon a stone  
Fire bade him last farewell  
Wouldn't mind my name up there as well

Legends might recall my

Iron will  
Warrior skill  
And how far away they fought  
Set us free  
Destiny  
For the blood of heroes bought  
Iron will  
Warrior skill  
And how far away they fell  
Set us free  
Destiny  
For tonight we dine in hell
