

# Ragnarok

Týr

Tøgn gomul søgn forminnis mál  
Hevnd og hatur nevnd øvundar bál  
Á vígvøllum vónin hon doyr  
Hátt for heljar grind garmurin goyr

Vindöld, Vargöld er komin  
Skeggöld, skölmöld brátt farin er

Ber fram herklæði merkt av mongun stríð  
Brynju og blankan brand og fram á vøllin ríð  
Komi hvat koma má, lat so fara alt  
Leingi eg henda dag í huga havi fjalt

Revenge returns to us, this returns to me  
We are bound to battle for eternity  
The wolf restrained in chains, dragon in the deep I see  
This war will throw us corpses in a heap

With heavy hearts we head, on towards the end  
I've done all I can, never will I bend  
Battle clad we ride, over barren land  
Nothing matters on the battlefield we stand

And I heard my unborn children's requiem  
I saw carved upon a stone my epitaph  
Sometimes it seems to me there is nothing left between  
Me and eternity

Again

With heavy hearts we head, on towards the end  
I've done all I can, never will I bend  
Battle clad we ride, over barren land  
Nothing matters on the battlefield we stand

All will rise again for a better day  
Earth green with waterfalls where eagles hunt their pray  
Gather our kin again reminiscing times  
All seemed at peace all thought that evil died but then the

Dragon with fallen in it's  
Feathers entered the world again
