

# I Can't Go On

**Tyrese**

I thought missing you Was only for today  
I thought needing you would go away  
Why do I see you in everything I do  
Why does the sunshine remind me of you

I cant go on baby The feeling is lonely  
I cant go on baby feeling I need you in my life  
I cant go on baby The feeling is lonely  
I cant go on baby feeling I need you in my life

Is there anyway  
You could love me once again  
Gotta find a way to bring back my best friend  
I'll sing a song for you  
With the sweetest melody  
Please tell me I'll find my baby  
Cause I cant go on.. no no

You make me feel  
Like I can do anything  
Now I'm half the man without my baby
