

I Can't Go On

Tyrese

I thought missing you Was only for today
I thought needing you would go away
Why do I see you in everything I do
Why does the sunshine remind me of you

I cant go on baby The feeling is lonely
I cant go on baby feeling I need you in my life
I cant go on baby The feeling is lonely
I cant go on baby feeling I need you in my life

Is there anyway
You could love me once again
Gotta find a way to bring back my best friend
I'll sing a song for you
With the sweetest melody
Please tell me I'll find my baby
Cause I cant go on.. no no

You make me feel
Like I can do anything
Now I'm half the man without my baby
