

# One

Tyrese

Let me start by sayin' that you're the one  
'Cause this' the first time I felt like this players done (ohh)  
You're the only number that I dial (fuck them other chicks)  
You're the only sex I'm gettin' now (ain't that a trip)  
But it don't matter ('cause you're with it)  
And it don't matter (but then I get it)  
'Cause you're the only one

I'mma be good with just one girl  
One girl  
That's all I need  
I'mma be straight with just one crib and two whips  
'Cause I'm grown and that's all that I need  
Is one ghetto girl to make my babies with  
One ghetto girl I'm shakin' all of my chicks  
That's why I'm down on one knee with one ring  
Baby all I need is one

Ain't nothing gonna stop me from lovin' you  
And wife'in you  
Spendin' all my life with you  
Baby  
I'm so committed  
This one is one I'm with it  
It's so damn good  
All the sex you want without no hat (imagine that)  
Got a real nigga thats gon' have your back (imagine that)  
That's just the way it is  
And that's just how it's gon' go  
And you gon' be that one

Girl I ain't gonna front about it down and tell the truth about it (way gone  
)  
Way gone  
Ain't nothing I won't give up just to make you that one  
Baby that one girl

One step  
One breath  
One love  
One name  
So it's one me  
One ring  
One church  
And one preacher  
One promise  
Two little words

Just one  
One girl  
One girl  
Baby all I need is one (all I need is one)  
One girl (one)  
One girl (baby your the one)  
Baby all I need is one  
One me  
One ring

One church
