

Takeover

Tyrese

I met this girl
Baddest girl in the whole wide world, seem like
I said, I said what's up?
She looked like me with a frown
And said "not right now"
I said "Bitch I'm Tyrese! What a fuck"
And then she said
Well, I'll tell what she said

She said you picked the bad time
'Cause I just broke out with my man.
She said I'ma be single for a while
Cause I can't get my heart broke again
And ooh girl, I understand
I've been there before, and I can't pretend
I had to take my time, before I went back
And gave my heart to a woman like that
And I know you don't want a man, baby
But I'm gonna be here for a while
And I know you've been through a lot lately
But I wanna make you smile

And I'm here to take over,
Baby you don't have to worry no more
And I'm here to take over,
I'ma make it easy, you can trust me baby
And I'm here to take over,
Girl, I'ma show you that I'm that man
Baby, turn the page, I'm here to save the day
You don't have to worry girl I'm here to take over!

Maybe, we can take it slow,
Tell me where you wanna go!
Got plans and I can take control
But not unless you say so!

Baby I know that you've been hurt,
And baby I'm here put in work
Baby I got it, you don't even gotta worry 'bout it
Girl I'ma take care of you!

Yeah, and I know you don't want a live baby
But I wanna be here for a while
It doesn't matter ?
Now baby I'm here!

And I'm here to take over,
Baby you don't have to worry no more!
And I'm here to take over,
I'ma make it easy, you can trust me baby!
And I'm here to take over,
Girl, I'mma show you that I'm that man
Baby, turn the page, I'm here to save the day
You don't have to worry girl I'm here to take over!

Take over girl, take over
Please take over girl

(Can you take over)
You've been looking for a man to love you right, girl
Look no more, cause baby I'm your type, girl
Don't have to worry bout no bullshit from me
I'ma give you everything you want, and everything you need!

And I'm here to take over,
Baby you don't have to worry no more!
And I'm here to take over,
I'ma make it easy, you can trust me baby!
And I'm here to take over,
Girl, I'ma show you that I'm that man
Baby, turn the page, I'm here to save the day
You don't have to worry girl I'm here to take over!

And I'm here to take over,
All the things he wouldn't do
I will surely do baby
And I'm here to take over,
And you won't have a need for anything
All you have to do is call me
And I'm here to take over,
Just trust me babe, you can trust me babe,
I got your back baby, I got your back baby oh
