

There For Me

Tyrese

Yeah

I just wanna thank you
For always bein' there for me
Times of good and even when times are bad
Check it out

I know sometimes I might seem hard
And you might think that I ain't got no heart
Make no mistake, it isn't true
If I'm not there, it doesn't mean that I'm not feelin' you

Baby, I'm a man and I can fathom some mo'
You must understand, I'm strong enough to take the load
It's because of you, girl, I can face this world, girl
Baby, I just want you to know, ooh, woah

Baby, baby, you're the only thing that makes, makes any sense to me
Shorty, you're always down with me
Baby, baby, wanna thank you, girl, for lovin' me
Right or wrong, your love is always there for me

I know sometimes you wanna talk
But wonder why I don't return your call
You're thinkin' that, that it is you
I tell you, baby, nothing could be farther from the truth

Baby, I'm a man and I got this on my mind
You must understand I got to have you in my life
It's because of you, girl, I can face this world, girl
Baby, I just want you to know, ooh, woah

Baby, baby, you're the only thing that makes, makes any sense to me
Shorty, you're always down with me
Baby, baby, wanna thank you, girl, for lovin' me
Right or wrong, your love is always there for me

Baby girl, I know that I, I cannot be fooled
You're the only one that I, I can say that to
That's why I feel so much, so much love for you
Because of you I can make it
Baby girl, I want you to know, oh, woah

Baby, baby, you're the only thing that makes, makes any sense to me
Shorty, you're always down with me
Baby, baby, wanna thank you, girl, for lovin' me
Right or wrong, your love is always there for me

Baby, baby, you're the only thing that makes, makes any sense to me
Shorty, you're always down with me
Baby, baby
