

You Get Yours

Tyrese

Every time I look into your eyes
I feel your pain, baby
I never thought I had to ever
Be without you in my life ,Oh no

I know I was wrong
For taking you for granted
Oh no I wanna do you a favor
By getting out your life
I've been doing you wrong
So you gotta get on with yours

You get yours
And I'll get mine, baby
You get yours and I'll get mine

I see you going out your way to call
Don't waste your time, baby
Obviously you have made the wrong choice Getting with me
So you got to let it go, baby

You're too good for me
You deserve better
Maybe this wasn't meant to be
There's no need to work this out
You and me You got to let it go babe
