

A Cry Of A Nation

U.D.O.

Some think crazy - some think not Live in a world - madness won't stop Downturn legacy, bottomless well Stop the rot - before we land in hell

Cash flow, backhand - cream the lot Dirty business - from the crooks on top Sky's the limit - devil's underhand They're digging in deep - we better make a stand

Money to burn - will they ever learn

A cry of a nation - it's not what we need A cry of a nation - a global misery A human tragedy - why don't you see A cry of a nation

[Solo]

Double fees - zillionaires Blindfold deals - hell - nobody cares Man on a station - falls down to his knees Broken and busted - cries salvation please

Money to burn - will they ever learn

A cry of a nation - it's not what we need A cry of a nation - a global misery A human tragedy - why don't you see A cry of a nation

A cry of a nation

[spoken part] Good evening And more important news on the global meltdown The governments of the world, today, have issued the following statement All persons with 2 million (of their local currency or less) yes, that's less! Must report to their local euthanasia department for disposal Women and children first. You heard it first on channel meltdown goodnight. [/spoken part]
