

## Animal House

U.D.O.

Morning is breaking with death on the street  
Driving downtown in a red corvette  
The daemons and satans are creeping around  
LA nights are madhouse nights  
The murderers- are heroes  
They're speeding all over the town  
And justice- is drunken  
I'm tumbling upside down  
I'm a madman  
Living in an animal house  
I'm a madman  
Living in an animal house  
Living in an animal house  
Rockers in concert are serving the bible  
Praying in public is getting a habit  
For selling out everything seems to be right, oh yeah  
The sunset is crowded with tramps passing out  
They're sleeping- in trash cans  
There's witchcraft in everyone's eyes  
Satans and daemons  
All dressed up in suits and ties  
I'm a madman  
Living in an animal house  
I'm a madman  
Living in an animal house  
Madman- going crazy- living in an animal house  
I'm a madman...
