Fight for the right thing Fight for yourself-no one should run your life Believe in you- it's just the best to do Before you're giving up Stay put and give yourself a chance to grow Get tough and rough- defend yourself on time Get coming back for more You gotta push it through You're gonna make the truth come true Back in pain- freedom is not free Back in pain- freedom is not free You see yourself so busy Doing things people always telling you to do No matter what- always on your own Fight just for the right thing Go all the way and never ever change it Get coming back for more You gotta push it through You're gonna make the truth come true Back in pain- I wanna see your pride Back in pain- freedom is not free Back in pain- you're gonna win this fight Back in pain- freedom is not free, yeah Oh yeah, you can't do it on your own I tell ya nothing, nothing new You gotta see yourself as what you are Blinded by light and lost-lost in the dark Back in pain- I wanna see your pride Back in pain- freedom is not free Back in pain- you're gonna win this fight Back in pain- freedom is not free, yeah Back in pain- I wanna see your pride Back in pain
