

## Black Widow

U.D.O.

I just love my nightmares  
I can't wait to sleep  
Enjoying all my dreams  
got no regrets  
I can be a flash of lightning  
Striking down on rocks  
Burning down the law  
Getting things I never got  
Turning the world  
Nothing unheard  
One night can be more than a day  
Just like a black widow  
Like a black widow  
I can't stand the dreamers  
Scared of things that fly  
They just have sweet fantasies  
And fade and die  
Nightmares- are so good, so good  
And they always end just when they should  
Nightmares are cool, nightmares are cruel  
I love the fun and the thrill  
Just like a black widow  
Like a black widow  
Black widow  
Just like a black widow  
Here comes the morning  
And who can deny  
Leaving the dream is so hard  
I love my nightmares  
I await their return  
And this time, I'm dressed to kill, dressed to kill  
Just like a black widow.....
