

Burning

U.D.O.

I hear a rock'n'roll guitar, screamin' wild on the radio Well,
I know what I like, know and it's right Gotta take me through t
he night

The sound is comin' out, it's breakin' down the doors like an e
arthquake Explodin' your brains, Do it again, power is a natura
l right

I say, hey Rock'n'Roller, power in your hands You and your musi
c, right on rockin' man

You gotta hear it for a while, it bowls you over, like dreamin'
Oh, hell what a night, keep a rockin' on night Hey, boy can't
you see the light

I say, hey Rock'n'Roller, power in your hands You and your musi
c, make me rockin' mad

Burning, burning, burning just like fire Burning, burning, burn
ing just like fire Burning, burning, burning just like fire Bur
ning, burning, burning just like fire

I say, hey Rock'n'Roller, power in your hands You and your musi
c, make me rockin' mad

Burning, burning, burning just like fire Burning, burning, a ro
ck'n'roll desire Burning, burning, burning just like fire Burni
ng, burning, a rock'n'roll desire

Burning, burning, burning just like fire Burning, burning, burn
ing just like fire

I say, hey Rock'n'Roller, power in your hands Hey, rock'n'rolle

Burning, burning, burning just like fire Burning, burning, burn
ing just like fire Burning, burning, burning just like fire Bur
