

I'm a Rebel

U.D.O.

They say I won't make it to the top of the hill
Won't take the fruit of a tree
And ev'rybody says I'm out for the kill
They're all laughing at me
They're all laughing at me
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel
And they're all laughing at me
They say I'm a danger to the public and all
I only wish they would see
I'm just a product of a screwed up world - but they're
all
They're all laughing at me
But they're all laughing at me
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel
But they're all laughing at me
Never ever wash my old blue jeans
And brush the smile off my face
But still I'm a member of the
Human race - human race - human race - human race
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel - don't you just know it
I'm a rebel - rebel
And they're all laughing at me
I'm a rebel
