Infected

The crimson tide of speeding And viruses proceeding Well have our finest hour With danger everywhere The blood comes up to boiling Injection guns recoiling Instrumental power Shockwaves in the air And when you're feeling craziness And climbing up the walls It's just the metal parasite And then you are. Infected infected by the seed Infected this is what you need Infected infected one and all Infected be ready for the call Through the veins its crawling And zombie time is dawning Like a mental breaker Head bombs crashing down We cant be the healers Were the poison dealers The maker and the taker Infected by the sound
