

## Kick in the Face

U.D.O.

Sometimes it's not fair  
Too many lies are told  
Here we go- don't blame me  
What are you lying for  
Don't treat me like a toy  
I have been through this pain  
Long before- again and again  
I believe that it's much too much  
I only listen to my heart  
It's never telling me a lie  
I only listen to my heart  
Like a kick in the face- sentimental lies  
Like a kick in the face- sentimental lies  
Don't you dare to hurt me  
It's my life- and it's real  
I'm not your fool  
I will fight for my right  
I only listen to my heart  
It's never telling me a lie  
I only listen to my heart  
Like a kick in the face- sentimental lies  
Like a kick in the face- sentimental lies  
Like a kick in the face  
Let's get right down to it  
I hate the way you talk  
I'm leaving all the bad times  
I leave it all- all for you  
I only listen to my heart  
It's never telling me a lie  
I only listen to my heart  
It's like a kick in your face- sentimental lies  
Like a kick in your face- sentimental lies  
It's like a kick in your face- sentimental lies  
Like a kick in your face- sentimental lies
