

## Painted Love

U.D.O.

She's been around, knows how to make you think  
You're in a world of innocence  
She'll make you moan- make you moan and groan  
Then spit you out and eat your bones  
She sits around and thinks about those lies  
It really makes her wonder  
Chasing history- her world of ecstasy  
A life of rape and plunder  
Welcome to the rooms of your desire  
Painted Love- Painted Love  
Take a ride and explore inside  
Painted Love- Painted Love  
She knows how to make you scream and shout  
You know she loves to get it out  
The fascination of a fuckin' lie  
It's just a case of do or die  
She sits around and thinks...  
Welcome to the rooms of your desire  
Painted Love- Painted Love  
Reaching out- breaking out  
Painted Love- Painted Love  
Take a ride, explore inside  
Painted Love- Painted Love  
Reaching out- breaking out  
Painted Love- Painted Love  
[SOLO]  
She sits around and thinks...  
Welcome to the rooms....
