

## Pull the Trigger

U.D.O.

Call up the guns  
Beat on the drums  
Join the hell  
Grey magazines  
Evil machines  
Zero two ten  
Eighty-eight millimetre mortal rounds  
AK 47's make a hell of a sound  
Rolling thunder's gonna get the better of you  
If you wanna get ahead and win the hearts and minds  
You gotta pull - pull - pull - pull the trigger  
Fire your guns  
You gotta pull - pull - pull - pull the trigger  
Fire your guns  
Pick up the phone  
Start up the drones  
Radio base  
Head outta town  
On enemy ground  
Nothing to tell  
Chain of command  
News on demand  
Security leaks  
Innocent lives  
Desperate lies  
Deny all reports
