## **Scream Killers**

Detrimental assets, money down the drain C-C-Cash in all their pockets (let's) ride the gravy train Playing at casinos, yachts and caviar Mistresses and champagne Apartments and fast cars [Bridge:] Dehumanise resources, fix the budget plan A grey suit revolution, hide the paper trail [Chorus:] You take a number for a number Take a penny for a dime A number for a number Another dirty crime Capital expenditure, global energy Upsize all the markets, cost is misery Siphon off the excess Secretive accounts Documents and contracts Third world body count [Bridge] [Chorus]
