

## Secrets in Paradise

U.D.O.

It was a perfect dream  
A lovely wonder scene  
It took me over and I surrendered

I felt the harmony  
Was like a symphony  
Drifting on a broken cloud

Then I wandered - nothing conquered  
I had my faith - lost in time - lost in memory

I was lost in pain  
Free from shame  
Beauty has a consequence

Now I realised  
It was cold as ice  
Staring at a frozen mirror

Now the curtains closed - like a dying rose  
No more fantasy for me  
For me

Secrets in paradise  
Why you let me go  
Why you didn't show

Secrets in paradise  
Why you let me go  
Why you didn't show  
Why you left me all alone

Now I feel the loneliness  
My bleeding heart is aching less  
What a meaning - what a feeling

Secrets in paradise  
Why you let me go  
Why you didn't show

Secrets in paradise  
Why you let me go  
Why you didn't show  
Why you left me all alone

No more secrets in paradise
