

Steelhammer

U.D.O.

Bang your head against the wall Make 'em hear the words you want
na say Tear it up and smash it down Scream it out the price they
are gonna pay

Trouble on the left Trouble on the right I got the balls I got
the might

Steelhammer - Steelhammer - Steelhammer

Heavy, hard and mega loud With iron hearts and fire in your brains
Going on we feel no pain We're metal soldiers marching for
the faith

Trouble on the left Trouble on the right I got the balls I got
the might

Steelhammer - Steelhammer - Steelhammer Hammering your brain
Steelhammer - Steelhammer - Steelhammer Driving you insane
Steelhammer - Steelhammer - Steelhammer

[Solo]

Trouble on your left Trouble on your right I got the balls I got
the might

Steelhammer - Steelhammer - Steelhammer Hammering your brain
Steelhammer - Steelhammer - Steelhammer Driving you insane
Steelhammer - Steelhammer - Steelhammer
