

## Trainride in Russia (Poezd po Rossii)

U.D.O.

Here I tell my story  
Believe what I have seen  
And nothing had prepared us  
The welcome we received  
Coming back from Kazakhstan  
The gear has not arrived  
The fans geared up and ready  
We rocked them for their lives  
[Chorus:]  
Trainride in Russia - Again and Again  
Trainride in Russia - Nastrovje man to man  
The rolling of the wheels  
The distance of the land  
Trainride in Russia - That's where it all began  
With Igor and with Fitty  
Naked in the car  
Shouting at each other  
Who the fuck's the Tsar  
Swetlana was a darling  
Her face will never fade  
She made Lorenzo happy  
Showed him the Russian way  
[Chorus]  
And our crew was blinded  
A challenge they did raise  
The Russian guys were ready  
And won the vodka race  
When drinking with the pilots  
A Southern Comfort round  
Then Stefan's fear of flying  
Came crashing to the ground  
[Chorus]  
Parading for their victory  
Army, Air and Corps  
Looking up the building  
Where Udo was the star  
And when the tour is over  
We're never quite the same  
Already miss our comrades  
Until we meet again  
[Chorus]
