

## Two Faced Woman

U.D.O.

Miles from home  
So many things go 'round  
So far - the fight in me so strong  
Years of pain  
I've suffered all the same  
Today - I know I will be near  
You talk about romance  
You blew your only chance  
'cause you're a two faced woman  
But I'm a three faced man  
'cause you're a two faced woman  
I got a hangman's hand  
Dirty tricks  
I found out just in time  
Enough - don't dare to cross the line  
You - you fooled around  
I found a way out  
The tables turned - your bridges burned  
You talk about romance  
You blew your only chance  
'cause you're a two faced woman  
But I'm a three faced man  
'cause you're a two faced woman  
I got a hangman's hand  
'cause you're a two faced woman  
But I'm a three faced man  
'cause you're a two faced woman  
You'll live in nightmare land  
Payback time - spin the dime  
The balance overdue  
Payback time - take a hike  
You broke the golden rule  
'cause you're a two faced woman  
But I'm a three faced man  
'cause you're a two faced woman  
I got a hangman's hand  
'cause you're a two faced woman  
But I'm a three faced man  
'cause you're a two faced woman  
You'll live in nightmare land
