

# Untouchable

U.D.O.

So many people tell me what to do  
Stay away from me  
Don't need that look you're giving me  
Just stay away

I'll only warn you once again  
Don't waste my time  
This is the line you don't cross  
I will cut - you down

Rolling on  
Pay attention - we don't care  
Rolling on  
I won't say these words again

Yes we are untouchable  
And we are unbreakable  
Yes we are untouchable  
And we are unbeatable

You carry on your way I told you, you can keep on walking  
All I'm hearing from your mouth is the crap you're talking

You better go, get off my street  
You're smelling like a bad disease  
I know you've heard - where I come from  
I know what I see - I know it's wrong

Rolling on  
Pay attention - we don't care  
Rolling on  
I won't say these words again

Yes we are untouchable  
And we are unbreakable  
Yes we are untouchable  
And we are unbeatable

Yes we are untouchable  
And we are unbreakable  
Yes we are untouchable  
And we are unbeatable

Yes we are untouchable  
And we are unbreakable  
Yes we are untouchable  
And we are unbeatable

Untouchable
