

## When Love Becomes A Lie

U.D.O.

There was so much around I couldn't take - no more It hurt me inside  
Didn't wanna lose my mind

I had my time with you I lost a life with you

All the words that you said Didn't wanna hear no more A life on my own  
Now I close the door

I had my lies with you I lost my sight of you I couldn't fight for you  
Couldn't take it anymore

When love becomes a lie Can't hurt me anymore Just a lie You made it like a lie  
Was just a lie Has been a lie Was it me - was it you Was it just a waste of time - waste of time When love becomes a lie

[Solo]

Never been there before I had to take the fall Stepped out on my own  
I couldn't be it all

I had my lies with you I lost my sight of you I couldn't fight for you  
Couldn't take it anymore

When love becomes a lie Can't hurt me anymore Just a lie You made it like a lie  
Was just a lie Has been a lie Was it me - was it you Was it just a waste of time - waste of time

[Solo]

Just a lie Has been a lie

When love becomes a lie Was just a lie

When love becomes a lie...

Was it me - was it you - was it just a lie

When love becomes a lie...

You made it like a lie

When love becomes a lie...
