U-God

She get down right crunk, ahh  
She love an east coast thug, right  
She got a down south bump, ahh  
She looking nice iced up, now

All that I know is I rock and roll  
Do you tell, I got hellafied breathe control  
Let it go, get bowl, strip clothes  
Slip slow, down to the poles  
Dip low, get dough, let put these dollars between yo legs  
Bounce off the walls, careful on my balls, cuz they fragile as eggs  
Got rhymes for days, heatwaves, that's what you want  
I'm that Kid with the Golden Arms, In the all black Saint Laronz  
He bowls, he flaws on these broads, miss, put on yo lip gloss  
So much junk in yo trunk, a monster dump, keep breaking my stick on

She get down right crunk, ahh  
She love an east coast thug, right  
She got a down south bump, ahh  
She looking nice iced up, now

Bump-bump, yo body-body, bump yo body-body

Bump yo body-be, bump-bump, yo body-body  
Bump yo body-body, bump yo body-body  
Bump yo body-be, bump-bump, yo body-body

She's a cold dirty dirty, a cold dirty dirty  
She gets right down to it, owww, she's a flirty  
She's a fly young lady, down talk to strangers  
She lives in Atlanta, rock platinum danglers  
She's so outrageous, she's such a freak  
She throw that game, better bow to her feet  
She shake that ass, you want that sex  
She so independent and she wants her respect

She get down right crunk, ahh  
She love an east coast thug, right  
She got a down south bump, ahh  
She looking nice iced up, now

Big bump on the motor bike  
Better tell her, I'm going fast  
Better tell her, hold on tight

Bump-bump, yo body-body, bump yo body-body

Bump yo body-be, bump-bump, yo body-body  
Bump yo body-body, bump yo body-body
