

U-Kiss & Bravesound
You know, It's BRAVE!
Am I that-that easy
Is love that easy to you
Our memories seem easy to you
Is everything is easy for you
You only want hot love Baby girl
But you only give a cold hand Bad girl
Throw away your prided confidence
You keep teasing me Better stop now
I think I'm becoming crazy because of you Girl
It feels so real when you pretend to be nice
Give my everything and was lied to again and again
You keep teasing me (Crazy girl)
You eventually Come around / Love's Final round
I keep thinking about her fake smile and I go crazy
Don't piss me off and just leave oh oh
Am I that-that easy
Is love that easy to you
Our memories seem easy to you
Is everything is easy for you
You such a bad, bad, bad girl
Now I have to pay the price of playing with you
(You make me pissed off)
You're not who you used to be, accepting everything
I won't stand there like an idiot
You're conceited / You're full of yourself
You're so shameless / You sure play well
You talk dirty / You behave immaturely
You keep teasing me Better stop now
I can't understand it (Can't get it)
I just don't get you (Don't get it)
What do you want from me (I gotta know)
With you I can't do this nor that, Your love has trapped me
You eventually Come around / Love's Final round
I keep thinking about her fake smile and I go crazy
Don't piss me off and just leave oh oh
Am I that-that easy
Is love that easy to you
Our memories seem easy to you
Is everything is easy for you
You starting to get really annoying. I thought I only know you
Always dealt the same way, I'll bet
You play with love as if it were easy to play along
But it's over now foxy girl Girl
You eventually Come around / Love's Final round
I keep thinking about her fake smile and I go crazy
Don't piss me off and just leave oh oh
