Rumble Fishers

U.S. Bombs

Guitar sounds, the drums splash Our bowl is hot like a sauna We've looked around the playgrounds It's sucker fish and Piranhas

Stuck in a tank Lost in Space Tracks of the train going nowhere We must repeat, repeat after me We?re in a tank going know where

This is a stage poke me with a stick Kick me 'til I?m dead at least verbally Yer the enemy, yer just in between A living mistake Identity

The tank we swim in gets smaller And smaller! A school of sharks All about the dollar size in you up

Size in you out! It?s dirty pool, a School No rules We?re comin' up, let's get 'em out, we?re breaking out From all the fools and threw the ranks
