Another Time, Another Place

Bright morning lights Wipe the sleep from another day's eye Turn away from the wall And there's Nothing at all Being naked and afraid In the open space of my bed I'll be with you now I'll be with you now I'll be with you now We lie on a cloud We lie... Just as I am I awoke with a tear on my tongue I awoke with a feeling of never before In my sleep I discover the one But she ran with the morning sun I'll be with you now I'll be with you now I'll be with you now We lie on a cloud We lie... Another time, another place We lie... Another child has lost the race We lie... Another time, another place We lie... Your time, your price We lie... Another time, another place We lie... Another child has lost... We lie... Another time, another place We lie... Your time, your place
