

Touch

U2

Thank you
Don't mention it
I'm pleased to meet you
Don't think I'm very good at this
Let me show

I don't wanna know
I just wanna go (down)

F-f-falling...the world is by your side
Falling...did you find a place to hide

I just wanna know
I just wanna go

T-t-touching you
T-t-touching you
T-t-touching you

She said, the twenty second floor
But I said, I can't think what it's for

I just wanna know
I don't wanna go

T-t-touching you
T-t-touching you
T-t-touching you

I'm t-t-touching you
T-t-touching you
T-t-touching you

T-t-touching you
