

Ambient Underworld

U96

Give me a beat, sucker!
Come on

Come touch me, get crazy
Let the music take control

Come touch me, get crazy
Let the music take control

Come on come on

Check the hottest place in town
Move your body and get on down
Meet the weirdos, boys & girls
In the ambient underworld
Feel the power, let it kick you
Here's the place that you can stay to
Word -No suckers try to bull you
We gotta go, keep comin' to ya

Kick it!

Come touch me, get crazy
Let the music take control

Come touch me, get crazy
Let the music take control

Let the music, let the music take control

Look at the girls who shakin' their butts
Dancin' round and divin' me nuts
Got no yuppies, diamonds or pearls
In the ambient underworld
Came here once and always want more
Music and rave, that's what were livin' for
Get your kicks, boys and girls
In the ambient underworld

Kick, kick it!

Come touch me, get crazy
Let the music take control

Let the music, let the music take control

Let the music take control

Give me a beat, sucker!

Come on

Come touch me, get crazy
Let the music take control

Come touch me, get crazy
Let the music take control

Come on
Let the music, let the music take control
Let the music take control
Come on
Let the music take control
Come on
