If Looks Could Kill

```
If looks could kill
If looks could kill I'd die for you
If looks could kill
If looks could kill You'd die for me
If looks could kill
If looks could kill I'd die for you
If looks could kill
If looks could kill You'd die for me
If looks could kill
If looks could kill
If looks could kill I'd die for you
If looks could kill
If looks could kill You'd die for me
If looks could kill
If looks could kill
If looks could kill
```
