

Impossible Love

UB40

It must have broke your poor little heart
When we were together
Those were the happiest time in all my life
Now were separated I don't know what I will do
'Cause I can't ever love another
No matter how hard I try
'Cause I know. It's impossible,

Where ever you may be
I hope you'll hear my song
Then maybe you'll realise
My love that you were wrong

'Cause I can't ever love another
No matter how hard I try
'Cause I know. It's impossible

The sunset outside my window
Has lost all it's glow
The rose in the garden
Doesn't bloom any more
