

## Present Arms

UB40

You got no job you got no pay  
Join the military, sign today  
They'll take you off to fight on foreign shores

You'll be your mother's pride and joy  
Her armed and dangerous golden boy  
A uniformed hero that shows no fear

The khaki ranks of flesh and steel  
Learning how to smile and kill  
They'll teach you to ignore the screams and tears
