

# The Train Is Coming

UB40

I said, the train is coming baby  
I said, the train is comin' now  
I said, the train is coming baby  
I said, the train is comin' now

So long I've been waiting  
Waiting for you, oh yeah  
Now the time has come  
And its between me and you, oh Lord'

I said, the train is coming baby  
The train is comin' now, now, now, now  
I said, the train is coming baby  
And I am leaving on that train, Lord

Everyday I pray  
For this little hour  
Now the time has come  
And I want you to stand by me  
Because the train is comin' baby  
And we are leaving on that train  
And we will roam this land  
Where we all will be free, Lord
