

Wedding Day

UB40

Where were you on our wedding day
I got the bad news that you went away
Where were you little girl I say
Where were you on our wedding day

Give me back my ring
I ain't gonna let you keep a thing

Where were you when I said I do
Everybody laughing at my fine new suit
Where were you little girl I say
Now were where you on our wedding day

Give me back my ring.
I ain't gonna let you keep a thing

Now where were you when I searched the town
I turned the whole neighbourhood up side down
Now where were you little girl I say.
Where were you on our wedding day

Give me back my ring
I ain't gonna let you keep a thing

Where were you when I said I do
Everybody laughing at my fine new suit
Now where were you little girl I say.
Where were you on our wedding day

Give me back my ring
I ain't gonna let you keep a thing

Now where were you when I searched the town
I turned the whole neighbourhood up side down
Now where were you little girl I say.
Where were you on our wedding day
