

You're Not an Army

UB40

We can drag you out of bed in the middle of the night
Drive tanks along your street looking for a flight
We can put you in a cell and dash away the key
Make you stand against the wall torture chamber style
The reason is simple, it's obvious to see
We can shoot at you but you can't kill us
Don't you see, don't you see, you're not an army

The reason is simple, it's obvious to see
Right is on your side but the media's with us
Don't you see, don't you see, you're not an army

The thing you must remember since these troubles first began
Were supported by a tax paying population
And if the rest of this world is against us
It's a fact that the people of this country won't see

They can give you a trial by military
But you won't be sentenced politically
You'll be beat by other prisoners for political views
But you just another killer when we read it in the news
