

## Darker Days

UFO

Take me to the highway  
Take me to heaven  
I can feel Jesus, right in my bones  
Looking for a high class up-market doorway  
With no connections, no telephones  
And I don't care what it's all about  
I don't need to know  
Walking on water  
Walking on the mountain  
I've got no whiskey running through my veins  
They take me to the justice  
And I wave old glory  
There's no sentence for all these pains  
Cause I don't care what it's all about  
I don't need to know

(1)

Darker days surround me now I'm older  
Longer nights freeze me it seems colder  
Darker days they will take me under now  
So help me please  
Take me to the river, cleanse me with water  
Because the good Lord has baptized me  
I can't live like you good people  
I'll bare my soul for the world to see  
I don't care what it's all about  
I don't need to know  
Darker days surround me now I'm older  
Longer nights freeze me it seems colder  
Darker days they will take me under now  
I don't think so  
I don't know so  
I keep falling down like little drops of rain  
I don't know you  
Tell me what's true  
What is real, and what it is you call insane  
Take me to the highway  
Take me to heaven  
I can feel Jesus, right in my bones  
Looking for a high class up-market doorway  
With no connections, no telephones  
And I don't care what it's all about  
I don't need to know  
Repeat (1)  
Oh yeah  
Gotta help me please
